THE PRACTICAL NURSERYMAN

and Horticultural Advertiser.

Vol. 8.

HUNTSVILLE, ALA., MAY 15, 1900.

No. 5

TO NURSERYMEN, SEEDSMEN AND FLORISTS.

THE PRACTICAL NURSERYMAN
—AND—
HORTICULTURAL ADVERTISER.

W. F. HEIKES, - - - Manager.

Issued monthly on the 15th. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of over 2,000 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be received one week before the day of publication. Orders for advertising amounting to less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

W. T. HOOD & CO.,
Old Dominion Nurseries,
350 ACRES,
RICHMOND, VA.

Offers to the trade Fall of 1899 and Spring of 1900 as fine a stock as can be grown free from disease, which they are prepared to handle quickly and with the best care.

SPHAGNUM MOSS.

I am absolutely the only dealer in this vicinity who owns the swamp from which the moss is taken, and I personally superintend getting out the moss for my customers. I can therefore guarantee my moss to be of the very best quality and the bales to be of the largest size. Moss can be supplied in any quantity desired either in bulk, wired bales, or baled in burlap. Be sure to get my prices before placing your orders elsewhere.

THE PRACTICAL NURSERYMAN.

The American Association of Nurserymen.

From the Circular of the Secretary of the American Association of Nurserymen.

The 25th Annual Convention of the American Association of Nurserymen will be held June 13th, 14th, 1900, at Chicago, Ill. The Chicago Beach Hotel proved to be so pleasant a meeting place last year that it was decided unanimously to hold the 1900 convention there. Rates \$2.00 per day and upward.

Membership.

The Badge Book will give a full list of members. Payment of the annual fee of two dollars constitutes any nurseryman a member. Only the names of those who remit to the Secretary promptly can be included in the roll. The Badge Book must be printed and mailed early enough to reach members before they start for the convention. Do not delay, and do not assume that your name will be included unless the Secretary has authorization from you direct. Each name will be numbered and a badge with corresponding number furnished to delegates.

Each year names and remittances are received too late to permit of insertion.

Send fee and name (as you wish it to appear) TO-DAY, and avoid disappointment. Include exchange with ALL remittances by check.

Advertising in Badge Book.

No publication that is circulated among nurserymen is in such general demand and constant use as the Badge Book. It is better than a directory, better than a reference book, better than a catalogue. Numerous requests for copies are received throughout the year. It is, therefore, of rare value as an advertising medium, and yet the rates are only nominal.

Rates.

Your name and number as a member (membership).....	\$ 2 00
Your name and number as a member and two pages.....	10 00
Your name and number as a member and one page.....	7 00
Your name and number as a member and ½ page.....	5 00
Your name and number as a member and ¼ page.....	3 50
Your name and number as a delegate and ½ page.....	3 00

Why not take two pages?

There is no time like the present for attending to this matter. Do it at once. Send remittance and copy with your order. (Include exchange on check.)

Each year orders for advertisements are received too late. Do not let yours be too late this year.

N. B.—Last form goes to press June 1st.

Program.

It has been requested by officers of the Association that a very brief program be prepared, as it is expected that more than the usual amount of business will demand attention. Thus far addresses have been promised as follows:

WILSON J. PETERS—President's Address.

PROF. N. E. HANSEN, of Brookings, S. D.—"Some new lines of work for Prairie Nurserymen"

ROBERT C. BERCKMANS—"The Future of the Nursery Business in Our New Possessions."

N. W. HALE—"The Retail Nursery Business."

HON. N. H. ALBAUGH—"Reminiscences of the American Association and its Members up to the Silver Anniversary."

C. L. WATROUS will have a report of exceptional interest concerning the work of the Legislative Committee.

There will also be reports from the Committees on Transportation and Tariff.

Question Box.

It has been suggested that too little time has been devoted to questions and discussions along practical lines. At the coming convention, therefore, it is proposed to make the Question Box an interesting feature. To this end it is urged that members send in questions that they would like to have presented.

Reduced Railroad Fares.

A concession of one full fare going and one-third returning has been granted by railroads as usual.

Do not fail to get a certificate of ticket agent when buying a ticket. It will be well to give your ticket agent notice in advance of your intention of availing yourself of this reduction. If you have a commutation ticket, **do not use it**. Get a regular ticket and certificate for your trip going, otherwise you may work forfeiture of the rights of all to reduced rates.

There must be one hundred certificates before the reduction applies. Last year there were many more than one hundred in attendance, but so many came on commutation or other reduced rates that the required number was barely secured, and many who had come from a distance narrowly escaped considerable loss by reason of the carelessness or selfishness of a few.

Be particular to have the certificate properly filled and certified by the railroad agent from whom you purchase your going ticket to the place of meeting, as the reduction on return will apply only to the point at which such through ticket was purchased. Give your ticket agent timely notice of your intention of availing yourself of this reduction, so that through tickets and certificates may be ready when required.

Address George C. Seager, Secretary, Rochester, N. Y., for directions and conditions.

The Huntsville Wholesale Nurseries.

HEIKES HUNTSVILLE TREES.

Distributing Points.

We are making St. Louis, Mo., Rochester, N. Y., and Philadelphia, Pa., distributing points; and will deliver free of freight charges to transportation companies, at either of these places, all orders in car lots, or in less than car lots, to be shipped from Huntsville on the dates named below. Drayage or transfer charges at these points to be paid by the purchaser.

FOR ST. LOUIS.—Early shipments from September 20th to October 10th; late shipments from October 25th to December 10th, and in Spring.

FOR PHILADELPHIA AND ROCHESTER.—November 1st and in Spring.

The orders will be packed in Huntsville, and those for less than car lots will be combined to make up car lots and shipped to these points and distributed promptly to the various railroads centering there. This plan insures quick time and low freight rates. Orders for less than car lots must be boxed at Huntsville. The price of boxes will be additional.

This offer to deliver to distributing points free of freight charges will not apply to less than car-lot orders, if shipment is required at other than the above named dates; but we will ship car-lot orders at any time after September 20th anywhere desired within the territory tributary to the cities designated, and will deduct from the bill the cost of freight to the nearest distributing point.

Freight Rebates.

We will deduct from bills 30 cents per 100 lbs. our weight, toward the freight charges on all orders shipped direct from Huntsville to destination. Should there be any material difference between our weights and the railroad weights we should be advised. There will be no drayage nor transfer charges at Huntsville.

Inspector's Certificate.

This is the nurseryman's paradise. There are no injurious insects on nursery stock,—no slugs on pears, no aphids on cherries, plums, nor peaches; no San Jose Scale, Root Knot, nor Root Gall on anything. There are some borers in peach roots, but everybody knows how to get them. We have inspector's certificate showing our nurseries to be free from San Jose Scale and other pernicious insects.

For 100 rates add 1 cent each; for 10 rates add 2½ cents each to the 100 rates.

PEACH TREES--On Peach, Leading Varieties.

Our Peach trees are budded on seedlings grown from Tennessee and Alabama Pits. They are free from aphids or root-knots, and have fewer borers than those from other nurseries

We can supply beautiful medium and small-sized Peach trees this year. The lands upon which our Peach trees are grown produces a light, well-matured tree, with fine roots. These trees will answer well the purpose of "June Buds," and are very much better to transplant, as they will be well matured to the terminal bud, while June Buds are often tender at the tips. The little trees we offer should not be confounded with the little culls left after the larger trees have been dug and offered so cheaply by other nurseries. Our Peach trees have been grown with especial reference to the Southern trade, where small sizes are mostly wanted. The Yellows and Rosette are unknown in this locality, and we have been careful not to bring in any buds from affected localities.

WRITE FOR PRICES

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred, orders requiring 300 trees or more, and not less than 10 of a variety, will be filed at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows: Boxes 30 inches square, from $\frac{7}{8}$ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add $\frac{1}{4}$ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.
